About

I am a passionate software engineering graduate from Arba Minch University, I excel in crafting innovative solutions through code. My academic journey is marked by a deep understanding of software development principles and a commitment to continuous learning. Proficient in multiple programming languages, I've honed my skills in problem-solving and teamwork through various projects. With a keen interest in emerging technologies, I am poised to contribute dynamic and creative insights to any software development team. Eager to leverage my academic foundation and practical experience to drive impactful solutions in the tech industry.

Education

 **Bachelor**
Software
Engineering
Arba Minch University
GPA: 3.89

Jul 2024
Graduation date

Work experience

 Jul 2023 - Nov 2023
4 month
Software Engineering Intern
Bahirdar Business
And Incubation
Center

During my four-month internship at Bahirdar Business and Incubation Center, I immersed myself in a dynamic and innovative environment that significantly shaped my professional journey. As a Software Engineering intern, I actively contributed to the center's mission of fostering entrepreneurship and supporting business growth through technology.

Certifications

 Jun 2024
Certification was issued

Awareness creation training on work ethics, and Anti-corruption laws
Arbaminch University Ethics and Anti-corruption Directorate

 Dec 2023
Certification was issued

Employability Skill and Job readiness
Dereja Academy | Mastercard Foundation

 Oct 2023
Certification was issued

Speaking and Writing Skill
Alison

Extracurricular Activity

 Jan 2021 - May 2023
Programmer
Coding club

Furthermore, I volunteer my time as a mentor in a local coding workshop for high school students, aiming to inspire the next generation of aspiring developers. This experience has allowed me to refine my communication skills and cultivate a passion for teaching and knowledge-sharing.

Additional Skills

Proficient in HTML5, CSS3, JavaScript, and jQuery for front-end development, Experience with responsive design frameworks such as Bootstrap and Foundation, Knowledge of version control systems such as Git, Familiarity with database management systems including MySQL and Firebase, Experience with web development tools such as Visual Studio Code and Sublime Text
